Jack Benny Middle School:

On behalf of Target Stores, we would like to encourage your school to utilize Target for all of your school uniform needs. We carry a large assortment of styles and sizes to accommodate all students. We also have additional styles and colors available on Target.com.

This is the seventeenth year that Target has carried children's school uniforms. Target school uniforms provide a value to parents and students by providing high quality product at low prices.

Target also has a fundraising program that could be beneficial to your school; it is the Take Charge of Education program. Target donates an amount equal to 1% Target RED Card purchases at Target to the eligible K-12 school of the guest's choice. This is a great opportunity for the parents of your students to help your school with fundraising by using their Target RED Card. We encourage you to get the students' parents involved with the program to bring money back to your school.

Here are the steps to participate in Take Charge of Education:

- a) Apply for a Target RED Card
- b) Designate the school of your choice
- c) Shop with your Target RED Card

A Target representative will be available to visit your school with more information, upon request, as well as answer any questions you might have. Please contact ETL-Softlines, Kaitlin Shaffer, at (847) 244-4990 to request more information. Thank you for your time, we hope to hear from you soon.
