

I went to the STOP BULLYING NOW! presentation on May 3, 2011 and/or received materials from the presentation.

I have read the Bully Blocker Pledge with my class (or to myself).

I understand what steps to take when a student comes to me with a potential bullying situation.

I understand that I should use the “Questions to Ask” document to help investigate student reports in order to establish whether or not a student has been a victim of bullying.

If I have any questions, I will follow up with Erin and Kristen as soon as possible.

MY PERSONAL PLEDGE:

As a Cooke Magnet School Staff Member, I will take all student reports seriously and will use the “Questions to Ask” document to help me to make appropriate bullying referrals. I will do everything I can to promote a respectful, positive and safe environment at Cooke Magnet School. I will do this by helping all students to follow the Cooke PBIS Behavior Matrix and by intervening immediately in any situation that I see a student or a group of students treating others in an inappropriate and disrespectful manner.
